

SENIOR (Year 10, 11 and 12) STATIONERY REQUIREMENTS 2024

Our goal at Maryborough State High School is to make sure every student has access to all the necessary resources for their education. To assist parents with these expenses Maryborough State High School has a fully implemented Student Resource Scheme. As outlined in the terms and conditions on the Student Resource Scheme Participation agreement Form, a parent who chooses not to participate in the scheme is responsible for providing the student with all items that would otherwise be provided to the student by the scheme to enable the student to engage with the curriculum.

**** Students are required to participate in the MSHS BYOx (Bring Your Own Device) Program and will be expected to bring this device to school daily if participating. The device will be used in class for a range of actions but a primary function will be to access resources. This is likely to include: Textbooks, Video Resources, Teacher generated notes and periodicals.**

Our preferred device for senior students is a laptop. Full details for specifications are on our website for all Year levels. Students are permitted to register up to three devices and students may elect to bring their iPad, tablet or smart phone. Devices will be connected to students’ network drives and school printers by the IT staff during the first weeks of Term 1 2024. For full details on the scheme please refer to the Maryborough State High School website.

CODE	ITEMS	
COMPULSORY ITEMS (these items are required in all subjects)		
COMPULSORY	Texta Colours	Pencils (lead and colour pencils)
